

LinkedIn contents not displaying: Waiting for login

When you have successfully logged-in to Tempus and open a section with LinkedIn contents, you might see this page.

In this case we recommend that you refresh the page to reload the content.

The screenshot shows a LinkedIn Learning interface. At the top, the course title "Drafting Foundation by Paul F Aubin" is displayed with a progress indicator showing three steps, with the first step highlighted. Below the title is a dark blue header with the LinkedIn Learning logo. On the left side, there is a navigation menu with various options, including "LinkedIn Videos" and "Files". The main content area is mostly blank, with a red rectangular box highlighting a "Waiting for login" error message. The message includes a loading icon, the text "Waiting for login", and a link that says "Don't see a separate login window?" with a button labeled "Open Login Window".
