Hi. You were probably directed here because you had some concern on your online course.

Welcome.

You will find in here articles to guide you or answer your questions.

Our goal is to make your learning experience engaging. And, with the use of this support desk, easy and efficient.

Browse the articles or type in a keyword to search for what you are looking.

If you did not find it, please fill out a ticket form with your concern.

We will be continually upgrading this support desk to answer common queries we receive.

We hope you enjoy your elearning journey with us.

Regards,
Site Online Learning Support team
